Fancy Feast Low Carbohydrate Flavors

The following foods from Fancy Feast are not grain-free, but are considered lower carbohydrate (less than 10%) than most commercial foods and do not have any wheat gluten, which can be very allergenic. **These foods are available in most grocery stores.**

	Chopped Grill Feast		Tender Beef & Chicken Feast
	Flaked Fish* & Shrimp Feast		Tender Beef & Liver Feast
	Flaked Ocean Fish* Feast		Tender Beef Feast
	Gourmet Chicken Feast (this one looks very similar to another chicken variety that contains gluten)		Tender Liver & Chicken Feast
	Savory Salmon* Feast		Turkey & Giblets Feast

*Remember that it is a good idea to limit serving fish to a few times a week.
